Project Description:

The Todo App is a web application that allows users to create and manage their daily tasks or to-do lists. Users can add new tasks, mark tasks as completed, and delete tasks. The app provides a user-friendly interface and uses JavaScript, HTML, CSS, and Bootstrap for its implementation.

Technical Architecture:

Project Objectives:

By the end of this project, you will:

1. Create a responsive and interactive user interface using HTML, CSS, and Bootstrap.

2. Implement functionality to add, complete, and delete tasks using JavaScript.

3. Provide filtering options to view tasks based on their status.
